

**Would you like to
bring homemade food
to the childcare branch?
Please bear the
following in mind.**

Sometimes it is necessary to prepare your child's food yourself, such as in the case of allergies. If you want to bring homemade food into the childcare branch, we ask you to bear a few things in mind so that your child can enjoy the food safely.

Safe preparation

You are responsible for the homemade food. As such, please prepare it in a clean and hygienic manner. Cover the food properly after preparation. Food that needs to stay chilled should be cooled down to 4°C as soon as possible.

Transporting food

Use a cool box or cooler bag with ice pack for transportation. Food warms up fast in the car, on the train or on a bicycle, and this will make it easier for bacteria to grow.

At the childcare branch

Please remember to mark the container with your child's name, so that we can stay organised. Note down the date the food was prepared too.

Good to know

All leftovers and opened containers will be disposed of at the end of the day.
