Out-of-school care rates 2023 - explained.

- The government rate for out-of-school care is € 7,85 per hour. This is the amount used to calculate the childcare allowance from the Tax Authorities.
- Additional childcare is possible, but depends on staff scheduling and the relevant legislation. This will be charged at the 40-week hourly rate.
- Some locations offer pre-school care. In some cases, this can only be purchased in combination with after-school care.
- The standard time for before-school childcare is from 7:30 to the start of school, and after-school care is from the end of school until 18:30.
- Some locations offer early opening times or extended opening hours. This is only possible if there are sufficient children, a requires a separate contract.
- We offer drop-off and collection to and from the cooperating primary school. This may vary for each location, usually on foot or by (cargo) bicycle. Sometimes we use a minibus taxi.
- On school-free days you can purchase extra childcare if there is sufficient request from parents and availability of staff. On contract days, you only pay extra for the period from 7:30 a.m. to the normal end time of school.
- For the twelve weeks of school holidays, we are in line with the official school holidays for state region South. During holiday times, we may combine groups, and childcare may be provided at different locations.
- If you have a 40-week arrangement, your child will only visit out-of-school care during school weeks.
