Out-of-school care rates 2022 - explained.

- The government rate for out-of-school care is €7.31 per hour. This is the amount used to calculate the childcare allowance from the Tax Authorities.
- Additional childcare is possible, but depends on staff scheduling and the relevant legislation. Additional care is available at a rate of €9.72. You can also use your exchange hours. See all the rules at skar.nl/en/childcare/swapping.
- Some locations offer preschool care at €9.72 per hour. Some locations open as early as 7:00 am. Ask customer service for the list of locations.
- The out-of-school care provision runs from the end of school until 18:30.
- We offer drop-off and collection to and from the linked primary school. This may vary for each location, usually on foot or by (cargo) bicycle. Sometimes we use a minibus taxi.
- A 52-week contract includes full days on contract days during the school holidays.
- For school holidays, we are in line with the official school holidays for state region South. During holiday times, we may combine groups, and childcare may be provided at different locations.
- If you have a 40-week contract, your child will only visit out-of-school care during school weeks. Inset days (study days) are considered additional childcare, as described above.
- The monthly amount on your invoice may vary max. €0.10 from the gross monthly rate in the rate overview.
